

Name: Swaroop Panda

Company: Mu Sigma

Q: Are you satisfied with the company you are placed in or you expected a better company?

A: Given the profile of Mu Sigma, I am not satisfied with the company and I am hoping to get into a better company.

Q: Were there any challenges that you faced in the beginning of the placement season?

A: No, I did not face any challenges as such.

Q: Were you rejected by any other company? If yes, what could be the possible reasons?

A: I was rejected in the first round of dell. The reason was my bad performance.

Q: How many levels were there in the selections procedure of this company?

A: There were 5 levels, namely Written Aptitude, Video Synthesis, Problem Solving, Group Case Study and HR Interview.

Q: What preparations did you make to get through the written rounds?

A: I looked up for some aptitude questions on the internet.

Q: What preparations did you make to get through the GD rounds?

A: I did not prepare anything. I personally do not think one can prepare anything for a GD.

Q: What preparations did you make to get through the Interview rounds?

A: I did not prepare anything. I personally do not think one can prepare anything for an interview as well.

Q: Any tips or suggestions for the juniors?

A: For the juniors, read the Job Description and the Profile of the company very carefully before you apply. Do ask your seniors about the work culture of the concerned companies and then decide whether you can take up the role that is on offer. Given the placement policy of the institute, one has limited options which he/she needs to carefully examine. As of preparations, you can prepare online mock aptitude tests for the written rounds. For the HR rounds, one can at best get in touch with the latest news. I wish you all the very best for your future endeavors.

Q: Can you briefly explain your overall experience of the placement season?

A: The overall experience was average. I was down when Oracle Financial Services, a company that I was eyeing for, refused to include Industrial Design in its placement programme. However, the offer from Mu Sigma lifted some of my spirits.
